Washington, D. C., Nov. 1.—White house officials today mid president Wilson is confident that both the senate and house will be safety Democratic as the result of Tuesday's elections. Predictions were made that the majority in the house will be more than 50 and that the present majority in the senate will be increased.

On the outcome of the election, however, depends whether the president will call an extra sension of congress later this menth. It was understood that there will be no extra sension if the party retains control of congress. alone, 79 houses belonging to prominent Catholic church officials.

At the suthreak of the Madero revolution Gutterres was a coffee merchant in San Luis Potosi. He joined Madero, but gained little prominence. During the Oresto revolution, however, and later during the present revolution, his activities as a bridge wrecker gained him wide fame and he is credited with having blows up more federal troop trains than any other man in the republic. His activities were confined to the district around San Luis Potosi, Saifillo and Monterey. In his own torritory he is known as "the hero of foundance but the first of the border. campaign, consisting chiefly of a strug-gle for control of the houses of congress, is practically at an end today. The election will be held Tuesday. Interest is heightened by the fact that all suggessful candidates for the senate and house will be chosen by direct vote

Both Parties Fighting Hard.

Efforts of the Democratic party to rotain control of the lower house and of their opponents to wrest it from them have called forth the full strength of all parties. In few previous off year campaigns have the chief figures of the national administration been engaged so generally. President Wilson has made no speaking tours but his written many letters of endocement to Democratic candidates in doubtful states. Most of the members of the cabinet have spent much of the lost fortnight in campaigning. The leading men of the Republican sun Progressive' parties, with the notbeworthy exception of former president Taft, have been similarly engaged.

Most of them are Republicans who were of them are Republicans who were ousted by the Democratic sweep two years ago. The picturesque figure of Tuncle Joe' Cannon of Illinois, former speaker of the house, has again emerged into public view, by reason of his candidacy for another term is congress. In the same state excongressman Wm. B. McKinley, who was president Taft's campaisn manager in 1902, is attempting to down charles M. Borchers, the Democrat who took his place two years ago. In this Nicholas Longworth, Col. Boosevelt's sonihisw, who likewise was retired in 1912, is again a candidate. Former senator albert J. Boveridge of Indiana, who left the Republican party for the Progressive, is seeking to regain a place in the upper body.

A SIMPLE WAY TO REMOVE DANDRUFF

Prevent Falling Hair and End Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips,

By morning most, if not all, of your

dandraff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and dinging

Tou will find all itching and diggins of the scalp will stop instantly and four hair will be fluffy, instrough glossy, sikey and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fail you, but it makes it stringsy, straggly, dull, dry, brittle and lifeless, and everybody notices it, advertisement.
